

Announcing the 2009

LUG Installfest

Saturday, November 7

@ 10am–2pm

TEC 202

A USM Linux Users Group (USMLUG) Event

Get prepared, mark your calendars, and get ready to attend

**There is a choice.
Learn to use it.**

We will assist in installing Linux on your computer, and help with install issues.

Bring your computer and everything you want to install...

Defrag your Windows computer, if you need a dual boot install ...

Run a live CD if you want to try out Linux ...

Refreshments and lunch for participants.

Contact: www.usm.edu/usmlug

Linux is a free, open source alternative to Windows and Mac OSX.
